Dear Madam,

This is to record my sincere appreciation on your completion of the turnkey contract to convert the bare premises at South City, Kolkata into my permanent 'home'.

As a customer with strong likes and dislikes, I know that I have been always demanding. Finally, through series of our mutual consultations, the designs of all the furniture, layout of the rooms and overall aesthetics fully met my expectations and have been appreciated by others as well. The quality of work has also largely reached perfection whilst the cost had been as per upper market standard.

More importantly, I truly appreciate your assurance for after sales service which should be your U.S.P. in this overcrowded profession.

I strongly recommend anyone interested in similar jobs with non compromising quality to retain the services of Designers Guild and surely this will meet satisfaction from either side.

Thanking you,

Yours faithfully,

Sanjib Chaudhuri
